Summary & Skills

Team player and natural leader with excellent communication skills. Very hands on and a fast learner with strong proficiency in team environments. As a result of multiple leadership positions in sports and research opportunities. Highly motivated and results-driven warehouse professional bringing extensive experience in logistics and distribution. Sales Associate bringing diverse experience in customer service and retail sales. I am always eager for new unique tasks and opportunities to expand my skills and job experience for the future.

Creative problem solving, working with people, leadership, communication skills, dependability, responsibility.

Java, Python, HTML, JS, CSS, Excel, Microsoft Office.

Experience

Ithaca College Research Team / Research Assistant

February 2020 - May 2021, Ithaca, NY

Worked on several statistical analysis, presented research, ran data collection, reviewed manuscripts during my three semesters at two psychology conferences. Learned IBM Statistical Packages for the Social Sciences (SPSS), R Studio, and JASP.

Target / Fulfillment Expert

July 2020 - December 2021, Framingham, MA and Ithaca, NY

Led warehouse improvement initiatives to advance operational efficiencies during pandemic transition. Conducted monthly inventories of materials on the work floor. Picked products for specific routes according to pick sheets. Provided quality customer service to guests and assisted in other departments where needed.

Education

Ithaca College / Psychology and Computer Science

September 2017 - Expected May 2021, Ithaca, NY

Major in Psychology with a focus on Social Psychology. Minor in Computer Science with experience in Python, Java, HTML, JS, CSS.

— Projects

Poster Presentations at Whalen Symposium 2020

January 2020 - May 2020

Burkins, T., Ramcharan, J., Judd, J., Lambert, R., Walsh, B., Ochiagha, J., Amidon, M., Matyi, O., Rodriguez, L., Chalachan, R., Barrett, C., Garvey, C., Nance, E. & Vaughn, L. A. (2020, April). Self-exploration experiences provide more support for fundamental psychological needs than self-control experiences. Poster session accepted for the annual Ithaca College Whalen Academic Symposium, Ithaca, NY. (This poster was accepted and posted to Digital Commons, but the symposium was canceled because of the COVID-19 pandemic.)

Walsh, B., Nance, E., Lambert, R., Koppikar, V., Ramcharan, J., Judd, J., Burkins, T., Ochiagha, J., Garvey, C., Barrett, C., Chalachan, R., Rodriguez, L., Matyi, O., Amidon, M., & Vaughn, L. A. (2020, April). People believe optimism is better for pursuing self-exploration than for pursuing self-control. Poster session accepted for the annual Ithaca College Whalen Academic Symposium, Ithaca, NY. (This poster was accepted and posted to Digital Commons, but the symposium was canceled because of the COVID-19 pandemic.)
